The Lakeside Corporation

Board of Directors and Staff

History

The Lakeside Corporation was founded in 1924 for the purpose of beautifying the property surrounding the Lake, and using it for the benefit and enjoyment of the members. The Club grounds and quarry area comprise over 3 acres and are enclosed on two sides by forty-foot cliffs. The Lake holds approximately 3.2 million gallons of water and is filled and drained each spring and fall. The water is constantly filtered and chemically treated to ensure that all standards established by the Louisville Metro Health Department are maintained.

Along with much of the Highlands, and many other parts of Louisville, the neighborhood deeds were originally discriminatory. Beginning in 1948, the discriminatory clauses remained but were not enforced. Due to the legacy of policies like redlining, progress toward building a more diverse community has been slow.

Lakeside, as a neighborhood, as a corporation, respects and celebrates diversity and is making active efforts to provide and promote an inclusive environment. As part of those efforts, Lakeside's Board of Directors has established a Diversity, Equity, and Inclusion subcommittee that is dedicated to making sure those values are reflected in everything we do.

Directors

Lakeside is controlled by the certificate members through a Board of Directors comprised of seven individuals elected by their peers at the annual meeting. The Board meets monthly throughout the year to establish policy and review overall Lakeside operations. The Board functions principally through committees established by the president.

Staff

Lakeside is operated by a professional management staff consisting of a General Manager, Assistant General Manager, Supervisors in Aquatics, Clerical, Fitness, Programs, Concessions, and Maintenance. Other administrative personnel include: an Administrative Assistant, and IT services.

The Club hires part time seasonal employees in concessions, lifeguarding, maintenance, clerical, instructors, and coaches. Summer applications are accepted beginning December 15th.

Membership/Payment Dateline – April 15

Certificate members are those who own property in a designated area surrounding the club, as outlined in the corporate charter.
